Yes, absolutely. I can talk on Thursday. I'm not through it yet and am not necessarily an expert on antidegradation but I know people we can talk to.

Erin,  
I am done with the Toxics section (just in time for flow passage and salinity). Do you have 30 minutes for me this week to discuss the Toxics briefly. I have a few questions about CWA and antidegradation. The CWA part of my brain is rusty.

Thanks,  
Leanna

Hi Leanna,  
Thanks for sending this and providing the timeline update on flow, passage, and salinity section.

Happy reading,  
Erin

Here is the contaminants section. The complete flow, passage and salinity section is delayed until Wednesday.
